

Trivial Pursuit™ for kids

Local Australian content

The questions have been written by an Australian author so there are lots of interesting local and international questions the whole family will enjoy!

There are 6 cool sections: **Earth Story**, **The Wild Side**, **Around the World**, **Arty Farty**, **Fun & Games**, and **World of Wonder**.

We've made some unique changes to the style of Trivial Pursuit for Kids.

- The questions are now multiple choice so everyone has a chance of getting it right. Even if you don't know you can have a guess so adults and kids can play together!
- The correct answer is in bold so you don't have to switch the card over to find the answer.
