Create A Throne Room

Create a special ‘throne’ for the crowning ceremony of all of your princess attending

Drape a standard chair with shiny fabric to create a royal throne.

Give your throne the royal treatment by attaching various jewels & rhinestones to cardboard cut in the shape of diamonds and then tape the decorated cardboard cutouts to the chair for a spangled throne fit for a princess

Lay a piece of red fabric on the floor to give your throne the ‘red-carpet-treatment’

Use colorful crepe-paper and balloons to create a canopy over your tea table

Don’t forget to select the background music to set an enchanted tone

Prepare Delicious Food
