

# A great place to park it on holiday

ONCE it was a humble caravan park, but after 28 years, Ian and Diana Beadel can now lay claim to having one of the best places to stay in Australia.

Their Big4 North Star Holiday Resort at Hastings Point has been voted one of the top 10 parks in Australia by *Holidays with Kids* magazine.

Mr Beadel said success has come about through a deliberate effort "to be very family-friendly".

After seeing the trend in European caravan parks, they invested in a huge activity centre and playroom, with activities for children from tots to teens available during the holidays.

"Parents love it because they can come here and have some free time," he said.
