COLOUR SUDOKU

This puzzle works just like a normal Sudoku with the numbers 1-9 appearing once only in each horizontal line, vertical line and 3x3 block. As an extra help, there are also nine different colours, each with nine squares and the numbers 1-9 must appear once in each colour.

2				4	5	3		
	3			9		4	2	
8			3				5	
	7		8		6			5
		8				2		
6			1		9		3	
	8				4			9
	2	5		8			4	
		4	5	6				2
